

DAILY REPORT

GRAN CANARIA EXCHANGE

THURSDAY, MARCH 5, 2026

BY SEMINA ALIĆ E1

MR ERNST, MRS CORNELIUSSEN

Our day started at 8:00 AM when we met at school and talked for a while. At 9:00 AM we attended biology and geography class, which lasted until just before ten. It was interesting to see how a normal school day works there and to sit in class with the Spanish students.

At 10:00 AM we had a music lesson where different students gave presentations about culture in the Canary Islands. It was nice to listen to the presentations, including some songs and see what the students had prepared.

At 11:00 AM we visited Casa África. There we learned more about the relationship between Africa and the Canary Islands and their cultural connections.

At 12:00 PM we had a lunch break and some free time to relax and talk with the others. We went to a healthy food shop where all of us got a fresh drink. After that, every student had free time to do whatever they wanted until 7:30 PM.

In the evening, we met at 7:30 PM at the auditorium to attend a concert. They performed *St. Matthew Passion* by Johann Sebastian Bach. The concert lasted until about 10:30 PM and it was a very interesting experience.

After the concert we went back to our host families. Overall it was a nice and interesting day during the exchange <3 ^^
