

DAILY REPORT

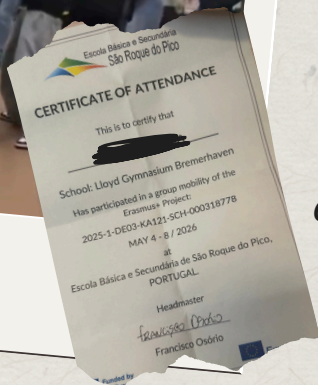

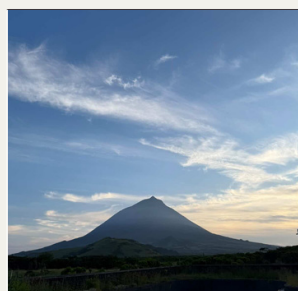

-Friday- 08/05/2026

Our day began by meeting at school at 8:30 in the morning. First, we went to a room where we worked on our e-book, ate cookies, and took part in different activities, such as tinkering suitcases and writing about the things that made the exchange so special.

Afterwards, we went to the auditorium, where we watched our videos, listened to speeches from teachers and principals, and enjoyed a performance by the school orchestra.

Later, we had some free time before the goodbye dinner. During this time, I packed my luggage, and my host family took me to see Pico Mountain. After that, we went to the supermarket to buy a few things for the flight, just like many of the other exchange students did. It was a relaxing and enjoyable afternoon.

In the evening, we returned to school for the goodbye dinner with all the exchange students and their families. Everyone brought a dish, and we all enjoyed eating together. Afterwards, all the exchange students received a certificate for participating in the exchange program. To end the evening, there was live music, and we were taught how to dance a traditional local dance, which made the goodbye even more memorable.
